Dedication	
Acknowledgments	xv
Foreword by Lore I. Haug	xvi
Keys To Using This Book	xvii
Introduction	xix
What is Behavior?	xxii
Observing Behavior Without Making Judgments About Intention	xxii
Canine Cast of Characters	xxv

Section 1:

Acquired Bite Inhibition – Amplitude..... 1

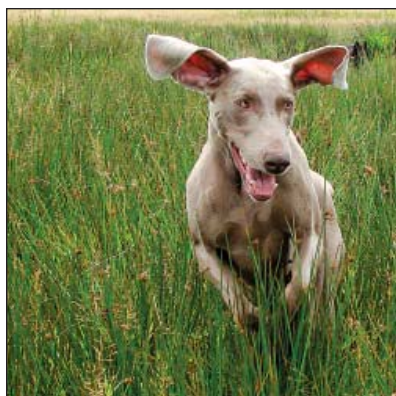

Acquired Bite Inhibition (ABI).....	1
Affiliative	1
Aggression	2
Aggressive Behavior Classifications	2
Alliance Aggression	2
Barrier Frustration/Aggressive Behavior	3
Biologically-Based Aggressive Behavior.....	4
Competitive Aggressive Behavior	4
Defensive Aggressive Behavior	4
Dominance Aggressive Behavior	4
Drug-Induced Aggressive Behavior	4
Fear-Related Aggressive Behavior.....	5
Group-Related Aggressive Behavior	5
Idiopathic Aggressive Behavior	5
Intra-Sex Aggressive Behavior.....	5
Maternal-Protective Behavior	5
Pain-Related Aggressive Behavior.....	6
Play Escalation/Predatory Drift	6
Play Skill Deficits.....	6
Predatory Aggressive Behavior	7
Proximity Sensitivity	8
Punishment-Elicited Aggressive Behavior.....	8
Redirected Aggressive Behavior	8
Resource Guarding – Aggressive Behavior	9
Ritualized Aggressive Behavior or Threats	9
Social Aggression.....	10
Submissive-Aggressive Behavior.....	10
Territorial Aggressive Behavior	11
Trained Aggressive Behavior	12
Agonistic.....	12

Agonistic Pucker 13
 Allelomimetic Behavior 14
 Allogrooming 15
 Alpha 16
 Alpha Roll 17
 Amplitude 17

Section 2:

Anatomy 19

Organ Systems 20
 The Brain 22
 Scent Perception 23
 Facial Anatomy 24
 External Anatomy 25
 Skeletal System 26
 Internal Organs 27
 Ear Positions 28
 Airplane Ears 28
 Ears Erect or Angled Forward 29
 Ears Back – Appeasement 29
 Wicked’s Varied Ears Back Positions 30
 Ears Semi-Erect, Turned Outward Towards Sound 31
 Ears Flattened Back 31
 Pinch Ear 32
 Seal Ears 32
 Relaxed Ears 33
 Eyes 34
 Dilating Eyes 34
 Hard Eyes 34
 Soft Eyes 35
 Whale Eye 36
 Lips 37
 Tail Positions 38
 Border Collie 42
 Anatolian Shepherd 43

Section 3:

Anthropomorphism – Butt Sniff 47

Anthropomorphism 47
 Appeasement or Pacifying Behaviors 48
 Appetitive Behavior 49
 Arousal 49
 Attack 50
 Avoidance Behavior 51

Bark Lunge	52
Bitch Wars.	52
Bite Inhibition.	53
Body-Slams.	54
Bow.	55
Boxing.	57
Butt Sniff (Also Called Perianal Investigation)	58

Section 4:

Cache – Displacement Behavior	61
------------------------------------------------	-----------

Cache.	61
Calming Signals	61
Caution	62
Chin-Over	62
Circle Investigation.	62
Clasp	63
Commissure of the Lips	64
Communication.	64
Compulsive Disorders.	65
Conspecific	65
Consummatory Behavior	65
Consummatory Face	65
Coprophagia	66
Crouch.	67
Cruising Behavior	67
Cursorial	68
Curving Body Lines	68
Cut-Off Signals	69
Demeanor Shifting	69
Digging	70
Dimorphism	71
Displacement Behavior.	72

Section 5:

Distance – Distress 77

Critical Distance..... 77
 Flight Distance..... 77
 Social Distance..... 77
 Distance Decreasing Behaviors 78
 Distance Increasing Behaviors 79
 Distress 81

Section 6:

Domestication – External Stimuli 83

Domestication..... 83
 Dominance 84
 Epimeletic Behavior 87
 Epiphenomenon 90
 Et-Epimeletic Behavior..... 91
 Ethogram..... 92
 Ethology 92
 Eustress 92
 Evolutionary Continuity 92
 Evolutionary Roots of Behavior 92
 Excretory (Also Called Eliminative Behavior)..... 93
 External Stimuli 95
 Key Stimuli 95

Section 7:

Face Off – Functional Systems 97

Face Off..... 97
 Facial Markings 98
 Fear 100
 Fear Display 100
 Feint and Parry 101
 Fixed Action Patterns (FAP)..... 102
 Flooding 103
 Foreleg Stab 104
 Freeze 105
 Frontal Cortex..... 107
 Functional Systems..... 107

**Section 8:
Gape – Greeting Behaviors** 109

Gape 109
 Give Eye 110
 Greeting Behaviors 110

**Section 9:
Habituation – Hip Slams** 115

Habituation 115
 Hackles 115
 Head Lowered 115
 Head Press 116
 Head Tilt 117
 Head Turn 117
 Head Turn with Body Turn-Away 119
 Height Seeking 119
 Herding 121
 Heterochrony 122
 Hip Nudge Greeting 122
 Hip Slams 123

**Section 10:
Infantile – Investigatory Behavior** 125

Infantile or Neonatal Behavior 125
 Ingestive Behavior 125
 Inguinal 127
 Inguinal Display 127
 Inguinal Sniff 128
 Instinct 129
 Investigatory Behavior 130
 Jaw Punch 131
 Jaw Wrestling 131
 Lateral Display 132

Section 11:

Learning Theory Terminology and Methodology 135

Learning 135

The Stages of Learning 135

Cues, Prompts, Reinforcements, Responses,
 Rewards and Stimuli 135

 Cues 135

 Prompts 135

 Reinforcement (R) 136

 Primary Reinforcer 136

 Secondary Reinforcer
 (Conditioned Reinforcer or Bridging Stimulus) 136

 Unconditioned Response 136

 The Premack Principle 136

 Rewards (Reinforcers) 137

 Unconditioned Stimulus 137

 Conditioned Stimulus 137

 Event Marker (Secondary or Conditioned Reinforcer) 137

 Fluency 137

Operant Conditioning 138

 The Five Segments of Operant Conditioning 138

 Positive Reinforcement (R+) 138

 Negative Reinforcement (R-) 138

 Positive Punishment (P+) 139

 Negative Punishment (P-) 139

 Schedules of Reinforcement 139

 Extinction 139

 Extinction Burst 139

 Stimulus Control 139

Conditioned Responses 140

 Classical Conditioning 140

 Counter Conditioning 140

Training Outcomes 141

 Single Stage Behaviors 141

 Behavior Chains or Multi-Stage Behaviors 141

 Desensitization 144

 Latency 144

 Learned Helplessness 144

How Dogs Learn New Behaviors 145

 Social Learning 145

 Molding (Also Called Modeling) 145

 Luring 145

 Targeting 146

 Capturing 146

Shaping 146

Successive Approximations 146

Terminal Behavior 148

 Luca and the Laundry Basket 147

The Five “D”s: Duration, Distance, Distraction,
Diversity, and Difficulty 148

 Duration 148

 Distance 148

 Distraction 149

 Diversity 149

 Difficulty 149

Section 12:

Lick Intention – Locomotion 151

Lick Intention 151

Limbic System 152

Lip Licking 152

Locomotion 153

 Crawl 153

 Amble 154

 Walk 154

 Trot 154

 Canter 155

 Pace 155

 Gallop 156

 Accelerate 156

 Leap Away 157

 Leap Off 157

 Leap Up 157

 Leap Run 158

 Leap Attack 159

 Observation Leap 159

 Lunge 160

 Descending Stairs 160

 Swim 161

Section 13:

Lumpy Whisker Bed – Muzzle Punch 163

Lumpy Whisker Bed 163

Marking Behaviors 163

Maternal Behaviors 164

Metasignals 165

 Play or Threat: How Do Dogs Know Which it Is? . . 165

Mob 166

Motivation of Behavior 166
 Muzzle Grab 167
 Muzzle Nudge 168
 Muzzle Punch 169

Section 14:

Neophobia – Pin 171

Neophobia 171
 Neoteny 171
 Nibble Groom 172
 Nose Boink 173
 Paedomorphosis 173
 Parallel Walking 173
 Pawing 174
 Paw-Lift 175
 Paw Over Back 176
 Paw Thwack 177
 Penis Crowning 177
 Pica 177
 Piloerector Reflex (Raised Hackles) 178
 Pin 179

Section 15:

Play – Play Face 181

Categories of Play 181
 Locomotor Play 182
 Object Play 182
 Interactive Object Play 182
 Solo Object Play 183
 Predatory Play 185
 Kill Shake 189
 Kill Toss 189
 Killing Bite During Play 190
 Social Play 191
 Play Fighting 194
 Play Face 197
 Evolutionary Changes and Selective Breeding –
 The Impact on Play in Domestic Dogs 199

Section 16:

Play in Domestic Dogs – Pounce 199

Play Styles 200
 Polydipsea 200
 Polyphagia 200
 Pounce 201

Section 17:

Predation 203

Predatory Motor Patterns 203
 Scan 206
 Orient 206
 Freeze 207
 Eye Stalking 208
 Testing 209
 Wearing & Lateral Movements 210
 Chase 211
 Charge or Pounce 212
 Grab Bite 213
 Kill Bite 214
 Cache or Consume 215

Section 18:

Puppy Behavior – Regurgitate 217

Puppy Behavior/Socialization 217
 Puppy License 218
 Push Off 219
 Rally 220
 Rebuff 220
 Redirected Activity 220
 Redirected Behavior 221
 Regurgitate 221

Section 19:

Relaxation Postures 223

Turning in Place 223
 Back Sleeping 223
 Curled Resting Posture 224
 Sprawling Sphinx Rest 224
 Sprawling Sphinx Sleeping 224
 Straight Line Sleeping Sphinx 224
 The Frog Sphinx 224

Lateral Reclination 225
 Using Pillows 225

**Section 20:
 Reproductive & Sexual Behavior 227**

Courtship. 227
 Mounting • Pelvic Thrusts • Intromission. 229
 Ride Up. 229
 Copulatory Tie 230
 Washing Up After Intromission 231
 Attend 231
 Denning. 231

**Section 21:
 Resource Guarding – Stereotypic Behaviors 233**

Resource Guarding 233
 Ritualization 233
 Rolling. 234
 Scent Rolling 234
 Rub On 235
 Scoot 235
 Scratching 236
 Self-Control. 236
 Self-Handicapping and Role Reversing Behaviors. 236
 Separation Anxiety 238
 Shake Off 238
 Slow Downs 239
 Sneeze 239
 Sniffing 240
 Snow Plow 241
 Social Hierarchies. 241
 Socialization 243
 Soft Curves 244
 Sparring. 244
 Spatulate Tongue. 244
 Splitting. 245
 Squash. 246
 Standing On 246
 Standing Over 247
 Standing Tall. 247
 Stereotypic Behavior. 248

Section 22:
Stress 251

Stress 251

 Not All Stress is Negative 251

 Indicators of Mild Stress 251

 Indicators of Moderate Stress 253

 Indicators of Extreme or Severe Stress 254

Section 23:
Stretching – T-Formation 259

Stretching 259

Submission 260

 Active Submission 260

 Submissive-Aggressive Behavior 260

 Obnoxious Submission 261

 Passive Submission 262

 Submissive Grin 263

 Submissive Urination 263

T-Formation 263

Section 24:
Tail Chasing – Umwelt 265

Tail Chasing 265

Tail Wagging 265

Tame 266

Taxonomic Classification 267

Taxonomy 267

Temperament 267

Threat Behavior 269

Threat Behavior as Part of a Functional System 269

Defensive Threat Behaviors 270

Threat Behavioral Examples 270

Tongue Flick 271

Tongue, Spatulate 271

Toss 271

Turn Away 272

Turning Backs to Stress 272

Umwelt 273

Section 25:

Vacuum Behavior – Zoomorphism 275

Vacuum Behavior 275
Vocalizations 275
Whiskers Flared 277
Whiskers, Lumpy Bed 278
Worried 278
Yawning 279
Zoomies. 280
Zoomorphism 280

Section 26:

Final Quiz – What is Happening? 283

Quiz Answer Key 295

Photography & Design Credits 315

Collage and Cover Photo Credits 317

Works Cited 319

Topical Bibliography 325

Author Index 334

Index 336

Index of Literary Quotes 346
